

## **PRIVACY & DIGNITY**

Our vision is to be a successful, caring and a welcoming place for patients to receive their dental care and advice. We want to create a supportive and inclusive environment where our staff can reach their full potential and care is provided in partnership with patients, without prejudice or discrimination. We are committed to a culture where respect and understanding is fostered and the diversity of people's backgrounds and circumstances is positively valued.

The aim is to remove any potential discrimination in the way that people with protected characteristics are cared for by the Practice. This means that we will not treat someone less favourably because of their age, a disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.
